

DANDRUFF MAKES HAIR FALL OUT

A Small Bottle of "Danderine" Keeps Hair Thick, Strong, Beautiful.

Girls! Try This! Doubles Beauty of Your Hair in Few Moments.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance—an incomparable luster, softness and luxuriance. Get a small bottle of Danderine for a few cents at any drug store or toilet corner, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

PROBE DESECRATION OF WIRZ STATUE

Army Investigates Alleged Painting of Memorial With Haul Colors.

MACON, Ga., May 12.—A rigid investigation is being made at Southern field, near Americus, Ga., of charges that a party of aviation cadets went to Andersonville, Ga., where 15,000 federal soldiers of the Civil war are buried, and painted the monument of Maj. Henry E. Wirz, famous Confederate officer, in the German colors, red, black and yellow.

Sumter county officials state today that arrests probably will take place within a short time, as the latest developments indicate one officer, one civilian employee and one man not connected with the camp were the ring leaders in the affair. The car used by the men in making the trip from Southern field to Andersonville was an army machine, and was traced directly into the camp after citizens of Andersonville had discovered the desecration of the monument.

The monument to Maj. Wirz was erected several years ago by the United Daughters of the Confederacy. It stands on the Dixie highway, which is the main street of Andersonville. A national cemetery is also located at Andersonville, which was the site of a Confederate prison. Maj. Wirz, who was in charge of the prison during the Civil war, was executed in Washington after peace had been declared, charged with cruelty to prisoners of the North.

It was in justification of Maj. Wirz, a native of Switzerland, that the women of the South (United Daughters of the Confederacy) at Andersonville, Ga., have sent in a demand to the war department for an immediate investigation of the conduct of the soldier.

931 YANKS MUST PAY FOR STOLEN CHAMPAGNE

COBLENZ, May 12. (Correspondence of the Associated Press.)—Nine hundred and thirty-one officers and enlisted men of the Third United States army have been assessed approximately \$27,000 francs to reimburse a French railway company for the loss of 2,175 bottles of champagne, which disappeared near Toul last December. Findings of an army board, which had the case in hand for several months, were announced recently.

The champagne was taken from the army of occupation, were on their way to an army school at Châtillon-Sur-Seine, traveling by train, and, according to testimony before the board, the champagne disappeared one night after the Americans arrived at Toul. While a number of French soldiers were also involved, testimony at the hearing did not bring out just who discovered the freight car loaded with wine nor who were the first individuals to start handing out the bottles.

The contention of the railway officials was that the wine had been drunk by the soldiers and the Americans had had a hand in the affair, and so the board decided to pro rate the cost of the champagne among all the Americans on the train according to their pay allowances.

COLLINS STARTS RACE FOR GOVERNORSHIP

BLUE MOUNTAIN, Miss., May 12. (Sp.)—The voters of Blue Mountain have just been regaled by the initial gubernatorial address of the campaign, the speech being delivered by Gen. Ross A. Collins in the presence of a small but representative assembly of electors at the auditorium of Blue Mountain high school.

Gen. Collins was introduced by Hon. Ward Luna, candidate for the state senate from this district. Gen. Collins refrained from any criticism of his opponents, declaring his race to be conducted upon his own merits. He vigorously attacked the state tax commission and the state pardoning board, affirming that each is a needless expense to the taxpayers.

He reviewed at length the bitter fight to bring business under the supervision of the laws of the state, pointed out what this has meant in substantial revenues to the people of Mississippi and announced his plan to continue to do his utmost to make it impossible for any wealthy corporation and individual to evade the law. He advocated the erection of better schoolhouses at the expense of the state at large, the increase of pay for more efficient public school teachers, and took a positive stand for improving the rural school system of Mississippi, declaring that the future of the state would be largely determined by the character of the rural schools. He likewise advocated the building of better public roads, the encouraging of more substantial production of farm products and live stock and favored the adoption of some sort of plan whereby the farmers may be able to dispose of their surplus production without having to be at the mercy of middle men.
